MAA-NOR's requirements for EMAR 145 applications.

This Military Airworthiness Information Bulletin Norway published by the *Military Airworthiness Authority Norway*, is a document that informs the regulated community about what the MAA-NOR requires of content in an application for EMAR 145 approval (maintenance organisations).

MAA-NOR requests all EMAR 145 applicants to provide the following documentation in the application:

1. An EMAR Form 2 completed with exact information (no references)
2. Signed EMAR Form 4 for all nominated postholders including NDT level 3 (as applicable)
3. A Maintenance Organisation Exposition (MOE), written on EMAR 145 AMC& GM Appendix V format
4. A copy of contract(s) between the applicant and the tasking management organisation (CAMO)

Deviation from these requirements may cause rejection/return of the application, and/or significantly prolonged time for review of the received documentation by the MAA-NOR.

MAA-NOR may request, upon review of application, additional information from the applicant if deemed necessary.

MAA-NOR is kindly requesting all potential applicants to adhere to this information prior to dispatching their EMAR 145 approval application.
